

An Object Lesson.

The German Emperor has original ideas on many things. He thinks that those of his people who live far away from the coast are at a disadvantage, inasmuch as whatever knowledge they may have of military progress, they cannot but have vague ideas on what is being done in modern naval warfare. He has had an ingenious model constructed, measuring 13 feet by 24 feet, the upper part of which represents the deck of the great man-of-war, *König Wilhelm*. Everything is complete—the rigging, a siren, a searchlight, a number of revolving guns, each capable of firing twenty-six shots in succession, flag-signal apparatus, life-boats, etc. All these are operated by electricity. When a button is pressed, the signal lanterns begin to blaze, rockets are sent up, the beam of the searchlight flashes around and the guns go off. Orders have been given for the construction of sixteen similar battleships, for the purpose of giving the inland population some practical ideas of the doings of the navy.

THE BEST TREATMENT FOR CHOLERA—When promptly and properly treated a recovery is almost certain. This was fully demonstrated during the prevalence of Cholera in New York in 1866. Go to bed as soon as the first symptoms appear, remain as quiet as possible, and take Chamberlain's Colic, Cholera and Diarrhoea Remedy in double doses until the pain ceases, and then after each operation of the bowels more than natural. Send for a physician, but take this remedy in this way until he arrives. The remedy should be kept at hand ready for instant use. It should be taken within five minutes after the first symptoms appear. Chamberlain's Colic, Cholera and Diarrhoea Remedy is the most successful medicine that has yet been produced, not only for the milder forms of bowel complaint, but for the most virulent forms of Asiatic Cholera.
